

Pediatric Endocrinologist

Department of Pediatrics

Across our three hospitals and eight satellite sites, Scarborough Health Network (SHN) is shaping the future of care. Our many programs and services are designed around the needs of one of Canada's most vibrant and diverse communities. We are home to North America's largest nephrology program, as well as the designated cardiac care and spine center for Scarborough and surrounding communities to the east. We are proud to be a community-affiliated teaching site for the University of Toronto and partner with a number of other universities and colleges, helping to train the next generation of health care professionals.

The Department of Paediatrics at Scarborough Health Network is seeking a Pediatric Endocrinologist to join our team. The successful candidate will be working with a strong, supportive and collegial group of colleagues in a three-site community hospital organization committed to providing high quality, comprehensive clinical services. The successful candidate will be working with another pediatric endocrinologist and allied health team members, sharing outpatient clinical activity within our Pediatric Endocrine clinic, Pediatric Diabetic Education centre and the Healthy Outcomes Pediatric Program of Scarborough (HOPPS) as well as providing subspecialist support to our inpatients when needed.

The successful candidates must be eligible for independent practice licensure with the College of Physicians and Surgeons of Ontario, and hold certification by the Royal College of Physicians and Surgeons of Canada in Paediatric Endocrinology. Emphasis will be placed on candidates with experience working in a hospital setting as well as candidates with strong communication skills.
